## Short description:

Rocketman with NASA jetpack on his back

## Description:

Rocketman building on the design of the Lego Figure (<https://www.youmagine.com/designs/lego-figure>) posted previously. I have added a new body with a new name and two rockets on his back. The head has been disfigured with a torus and two disks inserted into the head. The two disks give some print issues, need to investigate why. Model prints however in full and holds up.

If you can, please use the online documentation found at <http://www.youmagine.com/designs/lego-rocketman> because those may have been updated. Also, there you can interact and provide praise and/or feedback.
